**COVID-19: Is technology New Zealand's silver bullet ?**

Technology will provide the silver bullet that New Zealand needs to manage COVID-19, according to NZTech chief executive Graeme Muller.

Muller says the resurgent outbreak of COVID in the community has served as a reminder that Kiwis will be having to manage the impacts of this disease for some time.

**Te Whare O Te Ata,  
60A Sare Cres, Fairfield, Hamilton.**
